ORDER

NOW on this 3rd day of September, 1982, the above-captioned matter comes on for hearing. The petitioner appears by and through its attorney, William M. Henry, Assistant Attorney General. The respondent appears in person and by counsel Fred Spigarelli. The petitioner and respondent present evidence and rest.

THEREUPON, the Board, having heard the evidence and statements of counsel, and being duly advised in the premises, finds as follows:

The respondent has violated the provisions of K.S.A. 65-1120(a)(6) in that, from November 12 through December 8, 1981, she incorrectly charted and in some cases improperly wasted narcotic drugs specifically Demerol and Morphine Sulphate while employed at Mt. Carmel Medical Center, Pittsburg, Kansas. The Board finds the above constitutes an act of unprofessional conduct.

IT IS THEREFORE ORDERED AND DECREED BY THE BOARD that the respondent's license to practice professional nursing shall be limited to not administering narcotic drugs for six months from the date of this hearing, September 3, 1982.

Two Board members abstained from the ruling of this decision, Bernice Smith and Helen Chop.
