License No. 13-95655-061

Case No. 08-1093-0, 09-790-6, 09-789-6

CONSENT AGREEMENT AND FINAL ORDER

NOW ON THIS 27th day of April, 2010, the Kansas State Board of Nursing, represented by Assistant Attorney General, Alma A. Heckler, and the Respondent, Shawn R. Griggs, hereby enter into this agreement and proffer evidence and the hearing officer adopts those recommendations and makes the following findings of fact and orders:

AGREED FINDINGS OF FACT

1. Respondent is licensed to practice nursing in Kansas through 6/30/2011. The Kansas State Board of Nursing (KSBN) has jurisdiction over the Respondent and the subject matter of this action.
2. Respondent's address of record is 412 W. Martin, Pittsburg, KS 66762.
3. The Respondent understands that pursuant to K.S.A. 77-515, respondent may be represented at respondent's expense by, an attorney during these proceedings. Respondent acknowledges that this agreement will be an open record pursuant to the Kansas Open Records Act, K.S.A 45-215 et seq., and may be published or disseminated notwithstanding any state or federal law otherwise restricting public access to, or dissemination of, any personal or health care information, or any information or records of substance abuse evaluation and/or treatment contained herein.
4. After an investigation, the Board's investigative committee found reasonable grounds to believe that the respondent violated the Kansas Nurse Practice Act, K.S.A. 65-1120, and referred this matter for further proceedings.

5. The Kansas State Board of Nursing has the authority under K.S.A. 74-1106 et seq. to examine, license and renew license for duly qualified applicants and may limit, deny, suspend or revoke a license or authorization to practice nursing, may issue a public or private censure and levy administrative fines consistent with K.S.A. 74-1110, if a violation of K.S.A. 65-1120 is established.

6. (a) A petition was filed January 29, 2010 to take disciplinary action against the licensee's license and states the following:

(b) Respondent was disciplined by the Missouri Board of Nursing. She signed a Settlement Agreement with the Missouri Board on or about 11/1/08. The Missouri records shows that she admitted to diversion of Hydrocodone tablets and Morphine syringes while employed by Freeman Health Systems in Joplin, Missouri. Respondent was terminated from Freeman Health Systems on or about December 21, 2007.

(c) Respondent not only diverted the medications listed above for her personal use but she also replaced those medications with other medications or substances to conceal her diversion. She stipulated that she replaced the Hydrocodone with Naproxen tablets and replaced the Morphine in the syringes with saline solution. Respondent resealed the seals on the Morphine syringes, filled with saline solution, to conceal the tampering.

(d) Respondent agreed to enter drug and alcohol treatment and monitoring; to abstain from the use of drugs and alcohol; to not use any controlled substances or prescription drugs unless specifically prescribed for her by a person licensed to prescribe; attend a support group regularly; complete random drug screens; not carry narcotic keys or have access to any automated dispensing devices; not administer controlled substances; and work only under supervision. Respondent also agreed not to work for a temporary employment agency or work in home health care or with durable medical equipment.

(e) Respondent surrendered her license to practice in Missouri on or about 2/20/09 and entered the [REDACTED] Respondent claimed she

did so because the Missouri Board did not have enough Board members available to approve her involvement in the [REDACTED] Respondent reported she did not want to bear the expense of involvement in both the [REDACTED]

(f) Respondent was employed at Medicalodge South in Pittsburgh, Kansas from 1/17/08 to 6/16/09. She was terminated due to not meeting Medicalodges standards and because she forged records of narcotic administration. Respondent tested positive on 6/9/09 for opiates and codeine. The respondent used other nurses' names to sign out Hydrocodone, Percocet and Darvocet on 6/9/09 and the weekend before. Respondent admitted to the diversion in a letter to the Board dated 11/20/09.

(g) Respondent did not admit to the diversion of Hydrocodone to [REDACTED] or during [REDACTED] [REDACTED] after the positive UDS on 6/9/09. Respondent informed both [REDACTED] [REDACTED] Respondent did report as a part of her evaluation that she had used alcohol, cocaine and methamphetamine in combination at the end of 2008. Respondent entered into a settlement agreement with the Missouri Board of Nursing on 11/1/08. Respondent therefore admits she was still actively using drugs and alcohol during the same time period she entered into the settlement agreement with the Missouri Board. Respondent surrendered her Missouri license three months later and therefore avoided the supervision requirements of the settlement agreement.

(h) Respondent was enrolled in [REDACTED] at the time of her drug diversion from Medicalodges and her positive UDS on 6/9/09. Respondent's estimated completion date is 2/23/2012. Even with enrollment in [REDACTED] the respondent has not demonstrated she is safe to practice due to respondent's history of abuse of drugs and alcohol, two confirmed events of drug diversion at facilities in Missouri and Kansas and her failure to accurately report those events to peer assistance and in her drug and alcohol evaluations.

VIOLATIONS

7. The above incidents are violations of the nurse practice act. The Respondent agrees that the board is prepared to prove that respondent has violated:

8. Respondent has the right to a hearing with evidence and witnesses and to seek review of the findings from that hearing in accordance with the Kansas Administrative Procedure Act and the Act for Judicial Review and Civil Enforcement of agency actions. Respondent is waiving those rights and voluntarily entering into this agreement instead of proceeding to such a hearing.

DISPOSITION

12. By entering into this Consent Agreement and consenting to the entry of the Final Order, both parties waive their right to full administrative proceedings pursuant to K.S.A. 65-1120 and K.S.A.77-501 et seq. and to judicial review.

13. Upon the parties entering into this Consent Agreement and with the respondent having met all statutory requirements for reinstatement of respondent's Kansas Nursing license, the

respondent's application for reinstatement of respondent's Kansas Nursing license will be granted.

14. Based upon this agreement, and pursuant to the disciplinary remedies available in K.S.A. 65-1120, the parties agree that this Consent Agreement will continue through any renewal periods of respondent's nursing license until respondent completes each of the conditions and requirements of this agreement. Further, the parties agree that in the event of a lapse of Respondent's nursing license, reinstatement of Respondent's nursing license shall be contingent upon this Consent Agreement and Final Order remaining in effect until Respondent completes each of the conditions and requirements of this agreement.

15. Based upon this agreement, and pursuant to the disciplinary remedies available in K.S.A. 65-1120, the parties agree that the Respondent's license to practice nursing in Kansas is immediately suspended. The suspension will be stayed as long as the requirements and conditions of this agreement are met.

16. Based upon this agreement, and pursuant to the disciplinary remedies available in K.S.A. 65-1120, the parties agree that the Respondent's license to practice nursing in Kansas is immediately limited. The limitations placed on the license and described below will remain in place until the requirements and conditions of this agreement are met or until the requirements and conditions of this agreement call for the modification of the limitations.

17. The Kansas State Board of Nursing will not take additional disciplinary action against respondent's nursing license for the violations stated above as long as respondent completes each of the following conditions and requirements:
