Dear Ms. Schnoor:

The Disciplinary Committee of the Kansas State Board of Nursing (KSBN) has reviewed your application materials. It is the decision of the Board that your reinstatement application to practice nursing as a registered nurse in Kansas is denied. This denial is based upon the following:

**FINDINGS OF FACT**

1. Applicant entered into an agreement dated 11/13/2000 with the Texas Board of Nursing wherein Applicant voluntarily surrendered her Texas license to avoid further disciplinary action. The agreement established that applicant diverted and used Morphine at three different facilities between 11/15/1999 and 2/17/2000, presented an illegal prescription on 2/17/2000, and diverted and used Demerol at four different facilities during July of 2000.

Applicant entered into a settlement agreement dated 1/9/2002 with the Missouri State Board of Nursing wherein Applicant voluntarily surrendered her Missouri license. The agreement established that applicant diverted Demerol for her personal consumption from two different facilities between 1/2/2001 and 2/4/2001.

On or about 2/19/2002 Applicant entered a consent agreement with the Kansas State Board of Nursing. One of the conditions of the consent agreement was that Applicant would enroll in and comply with the [REDACTED]. On or about 1/29/2002 Applicant entered [REDACTED] under a three year monitoring program.

On or about 5/2/2002 Applicant was cited for DUI in Olathe, Kansas. On or about 4/19/03 Applicant was convicted of DUI, a misdemeanor, in the Municipal Court of Olathe, Kansas.

On or about 11/13/2002, [REDACTED] closed Applicant's case for noncompliance. [REDACTED] advised that Applicant failed to provide random Urine Drug Screens, failed to provide documentation of 12 attendance since April of 2002, and failed to attend monthly monitoring meetings.

On or about 11/21/2005 Applicant filed an application for reinstatement of her Kansas nursing license with the Kansas State Board of Nursing.
