**IN THE MATTER OF  
Samantha Rae Simmons**

**License No. 23-42840-012  
Case No. 15-1239-5**

EFFECTIVE AS A  
FINAL ORDER  
DATE: 12-2-2016

**SUMMARY ORDER**

The above matter comes before the Kansas State Board of Nursing (Board) pursuant to authority granted to the Board by K.S.A. 65-1120. The Board hereby proposes to find facts and take disciplinary action against the nurse license of Samantha Simmons, (Licensee) by way of Summary Order as provided by K.S.A. 77-537.

1. a. Licensee is licensed to practice nursing in the state of Kansas. The Board has jurisdiction over the Licensee and the subject matter of this action.
- b. Licensee's address of record is 1616 W. 22d Street N, Apt 201, Wichita KS 67204.
2. The role of the Kansas State Board of Nursing is to protect citizens of Kansas.
3. Pursuant to K.S.A. 65-1120(a), the Kansas State Board of Nursing may deny, revoke, limit or suspend any license, certificate of qualification or authorization to practice nursing as a registered professional nurse, as a licensed practical nurse, as an advanced registered nurse practitioner or as a registered nurse anesthetist that is issued by the board or applied for under this act or may publicly or privately censure a licensee or holder of a certificate of qualification or authorization, if the applicant, licensee or holder of a certificate of qualification or authorization is found to have violated the Nurse Practice Act. Pursuant to K.S.A. 74-1110 the Kansas State Board of Nursing may also assess a civil fine not to exceed \$1,000.00 for the first violation of a law or rule and regulation applicable to the practice for which such person has been granted a license.
4. After an investigation, the Board's investigative committee found reasonable grounds to believe that the Applicant violated the Kansas Nurse Practice Act, K.S.A. 65-1120, and referred this matter for further proceedings.
5. K.S.A. 77-511(a)(2)(A) of the Kansas Administrative Procedure Act authorizes the use of summary proceedings by a state agency if the use of summary proceedings does not violate any provision of law, the protection of the public interest does not require the state agency to give notice and an opportunity to participate to persons other than the parties, and the state agency believes in good faith, after investigation of the facts, that the allegations will be supported to the applicable standard of proof.

**FINDINGS OF FACTS**

6. While employed at Catholic Care, on or about May 26, 2015, the licensee directed a CNA to pass medication to a resident, and falsely documented that licensee had administered this medication. Directing a CNA to pass medication is a violation of the facility's policies.

### VIOLATIONS

7. The above fact findings establish evidence that the Licensee violated the following provisions of the Kansas Nurse Practice Act:

Count 1: K.S.A. 65-1120(a)(6) and K.A.R. 60-3-110, to be guilty of unprofessional conduct as defined by rules and regulations of the board; to wit: inaccurately recording, falsifying, or altering any record of a patient or agency.

Count 2: K.S.A. 65-1120(a)(6) and K.A.R. 60-3-110, to be guilty of unprofessional conduct as defined by rules and regulations of the board; to wit: delegating any activity that requires the unique skill and substantial specialized knowledge derived from the biological, physical, and behavioral sciences and judgment of the nurse to an unlicensed individual in violation of the Kansas Nurse Practice Act.

Count 3: K.S.A. 65-1120(a)(6) and K.A.R. 60-3-110, to be guilty of unprofessional conduct as defined by rules and regulations of the board; to wit: failing to take appropriate action or to follow policies and procedures in the practice situation designed to safeguard each patient.

### **IT IS THEREFORE ORDERED BY THE KANSAS STATE BOARD OF NURSING THAT**

- 1. Licensee's license is suspended for one month.**
- 2. Licensee's license is limited in that she shall not practice unsupervised. Supervised practice requires a supervising nurse to be on-site and with the ability to spot check the licensee's work. This limitation shall exist for thirteen months, to run concurrent with licensee's suspension.**
