License No. 23-017225-051**

Case No. 90-168-9

ORDER TO LIFT NARCOTIC KEY LIMITATION

Now on this 1st day of October, 2007 the petitioner, the Board, through counsel Mark

A. Knight, moves to remove the Narcotic Key Restriction from Licensee's license to practice nursing in the state of Kansas. Licensee's license to practice nursing was limited pursuant to a Consent Agreement and Final Order entered in the above captioned case on September 21, 2006. Among the limitations was a narcotic key restriction which prohibits the Licensee from passing of narcotics, wasting of narcotics, having access to narcotics or from supervising nurses or others that have access to narcotics. Petitioner has received documentation showing that the Licensee has complied with the narcotic key restriction. The period of said narcotic key restriction has ended. The hearing officer orders that the limitation of narcotic key restriction on Licensee's license to practice nursing in the state of Kansas is removed. All other limitations on Licensee's license to practice nursing in the state of Kansas, ordered in the Consent Agreement and Final Order, remain in place.

Counsel for Petitioner shall mail a copy of this order to Respondent's address of record.

IT IS SO ORDERED.
