License No. 23-032795-071

SUMMARY ORDER

Dear Ms. Barkley:

The Investigative Committee of the Kansas State Board of Nursing (KSBN) has reviewed the Board investigations in Case numbers 08-761-6 and 09-103-4. It is the decision of the Board that your license to practice nursing as a licensed practical nurse in Kansas is revoked. This revocation is based upon the following:

FINDINGS OF FACT

1. (a) In Case No. 08-761-6 on or about May 28, 2008 to June 28, 2008 Respondent diverted narcotics while working at Arkansas City Presbyterian Manor, Arkansas City, Kansas. Respondent failed to chart the reasons for narcotic administration and the administration of the drugs to patients appropriately. Records of the facility show Respondent removed most of the narcotics diverted during her shift that began on 6/27/2008 at 10:00 pm to 6/28/2008 at 6:30 am. Respondent was terminated on 6/30/08.

(b) Respondent was then employed by Good Samaritan Society, Winfield, Kansas from August 19, 2008 to September 2, 2008 and Respondent was terminated for "violation of code of ethics for narcotic administration". Records indicated the Respondent failed to chart why she signed out and removed narcotics (usually lortab) and did not chart the administration of the medications to patients. Respondent did not report her prior employment at Arkansas City Presbyterian Manor and the reasons for her dismissal on her application to Good Samaritan dated 8/15/2008.

(c) In Case No. 09-103-4 Respondent accepted employment at Villa Maria in Mulvane, Kansas on 11/6/2008. Respondent failed to report her most recent employment and reasons for dismissal from both Arkansas City Presbyterian Manor and Good Samaritan Society on her application to Villa Maria dated 10/30/2008. The Respondent was terminated from Villa Maria on 12/17/08 due to her failure to chart reasons for narcotic administration. Six residents were found not to have their prn lortab or their narcotic sheets. A review of the order sheets and dates of medication delivery by the facility indicated that as many as 320 of the 330 lortab pills ordered in December 2008, were missing and allegedly diverted by the Respondent. An investigation was conducted. The Respondent had removed the keys for the medication cart from the facility on the morning of 12/17/2008 and failed to return the keys until facility called

demanding return of the keys. Respondent's mother returned the keys in the evening of 12/17/2008. Narcotics and narcotic sheets were locked into the cart and counted by the Respondent and a CMA on the morning of 12/17/2008, prior to the Respondent taking the keys out of the facility. The narcotics and narcotic sheets were found to be missing after the Respondent left the facility the morning of 12/17/2008 with the keys.

(d) The Respondent has worked at three different facilities in the fall of 2008 and has been terminated at all three facilities for violations of their narcotic policies and failure to document narcotic administration. Significant amounts of narcotics were removed and diverted. Respondent failed to accurately report her employment history to both Good Samaritan and Villa Maria.
