**IN THE MATTER OF
Adam Wayne Miller**

**License No. 23-34167-082
Case No. 11-587-0**

EFFECTIVE AS A
FINAL ORDER
DATE: March 3, 2017

SUMMARY ORDER

The above matter comes before the Kansas State Board of Nursing (Board) pursuant to authority granted to the Board by K.S.A. 65-1120. The Board hereby proposes to find facts and take disciplinary action against the nurse license of Adam Miller, (Licensee) by way of Summary Order as provided by K.S.A. 77-537.

1. a. Licensee is licensed to practice nursing in the state of Kansas. The Board has jurisdiction over the Licensee and the subject matter of this action.
- b. Licensee's address of record is 1184 Keystone Rd Marysville KS 66508.
2. The role of the Kansas State Board of Nursing is to protect citizens of Kansas.
3. Pursuant to K.S.A. 65-1120(a), the Kansas State Board of Nursing may deny, revoke, limit or suspend any license, certificate of qualification or authorization to practice nursing as a registered professional nurse, as a licensed practical nurse, as an advanced registered nurse practitioner or as a registered nurse anesthetist that is issued by the board or applied for under this act or may publicly or privately censure a licensee or holder of a certificate of qualification or authorization, if the applicant, licensee or holder of a certificate of qualification or authorization is found to have violated the Nurse Practice Act. Pursuant to K.S.A. 74-1110 the Kansas State Board of Nursing may also assess a civil fine not to exceed \$1,000.00 for the first violation of a law or rule and regulation applicable to the practice for which such person has been granted a license.
4. After an investigation, the Board's investigative committee found reasonable grounds to believe that the Applicant violated the Kansas Nurse Practice Act, K.S.A. 65-1120, and referred this matter for further proceedings.
5. K.S.A. 77-511(a)(2)(A) of the Kansas Administrative Procedure Act authorizes the use of summary proceedings by a state agency if the use of summary proceedings does not violate any provision of law, the protection of the public interest does not require the state agency to give notice and an opportunity to participate to persons other than the parties, and the state agency believes in good faith, after investigation of the facts, that the allegations will be supported to the applicable standard of proof.

FINDINGS OF FACT

6. Licensee's allowed his license to lapse in 2012; in 2014 he filed an application for reinstatement. His application was denied; licensee had twice been referred to KNAP, the

impaired provider program, and twice he had failed to complete that program. Licensee filed another application for reinstatement and licensee was granted a limited license, with a requirement that he re-enter the KNAP program. Licensee's KNAP case was again closed on January 24, 2017 for failure to comply with the program.

VIOLATIONS

7. The above fact findings establish evidence that the Licensee violated the following provisions of the Kansas Nurse Practice Act:

K.S.A. 65-1120(a)(6) and K.A.R. 60-3-110, to be guilty of unprofessional conduct as defined by rules and regulations of the board; to wit: failing to complete the requirements of the impaired provider program of the Board.

IT IS THEREFORE ORDERED BY THE KANSAS STATE BOARD OF NURSING THAT

- 1. Licensee's license is revoked.**
- 2. Licensee shall not practice nursing in the state of Kansas.**
