#### FACTS COMMON TO ALL COUNTS

Case No. 01-465-4 On or about 7/30/01, while working at Larned State Hospital respondent physically abused a patient by attempting to push and pull the patient out of her chair and yelling at the patient to leave the room. The patient was at the time being supervised by other

staff and the respondent indicated that the patient, who is supposed to be supervised while eating to monitor her food intake, was "feeding" off of the one on one attention she received from the staff.

The incident was investigated by the Kansas Board of Nursing and was presented to the Investigative Committee on December 3, 2001. It was the decision of the committee to ask the respondent to obtain three (3) hours of Continuing Nurse Education (CNE) on Nursing Ethics; three (3) hour on Patient Rights; and three (3) hours on Conflict Resolution. The Board requested the respondent forward the **original** certificates of the Continuing Nurse Education certificates and the respondent agreed in December of 2001 to complete the CNE's on Nursing Ethics; Patients Rights; and Conflict Resolution. The respondent has not completed them after agreeing to do so. The board has contacted the respondent several times about completion of the hours and has provided information about the providers.

Case No. 01-752-4 Between approximately 5/01/01 and 12/12/01, while working at Larned State Hospital, respondent verbally abused several patients. The respondent told a patient, who has a fear of being poisoned, "Let's go get your poison". The respondent was referring to the patient's medication. Respondent was also overheard to tell this same patient, when he asked her if his medication had been poisoned, that she could put poison in it if he wanted her to. Respondent has been verbally abusive to patient's who have asked for assistance, such as a patient who soiled his pants, and referred to another patient as a wooden Indian. Respondent has forcibly removed a patient's dentures, and has failed to change a patient's diaper. Respondent has yelled at staff and patients and staff complains that the respondent appears to be more abusive to patients who are less able to function on their own.

#### **COUNT I**

Respondent has violated K.S.A. 65-1120(a)(6), to be guilty of unprofessional conduct as defined by rules and regulations of the Board;

#### COUNT II

Respondent has violated K.A.R. 60-3-110(e), physical abuse, which shall be defined as any act or failure to act performed intentionally or carelessly that causes or is likely to chase harm to a patient. This term may include any of the following; . . .(3) any threat, menacing conduct, or other nontherapeutic or inappropriate action that results in or might reasonable be expected to result in a patient's unnecessary fear or emotional or mental distress;

#### COUNT III

Respondent has violated K.A.R. 60-3-110(g) verbal abuse, which shall be defined as any word or phrase spoken inappropriately to or in the presence of a patient that results in or might reasonable be expected to result in the patient's unnecessary fear, emotional distress, or mental distress;

#### **COUNT IV**

### COUNT V

Respondent has violated K.A.R. 60-3-110(r) failing to comply with any disciplinary order of the Board;
