VIRGINIA:

VA BD OF NURSING

BEFORE THE BOARD OF NURSING

IN RE: SHANNON DALTON, R.M.A.
Registration No.: 0031-003155

CONSENT ORDER

By letter dated January 13, 2015, the Virginia Board of Nursing ("Board") noticed Ms. Dalton for a formal hearing. In lieu of proceeding to a formal hearing, the Board and Ms. Dalton, as evidenced by their signatures affixed below, agree to enter into this Consent Order affecting the registration of Ms. Dalton to practice as a medication aide in Virginia.

The Board adopts the following Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

1. Shannon Dalton, R.M.A., was issued Registration No. 0031-003155 to practice as a registered medication aide by the Virginia Board of Nursing on June 30, 2009. Said registration expired on August 31, 2014 and her right to renew her registration was suspended by Order of the Board entered January 13, 2015. Ms. Dalton also held Certificate No. 1401-123062 to practice as a certified nurse aide in Virginia, which was suspended by Order of the Board entered January 13, 2015.
2. During the course of her employment with Friendship Assisted Living Facility, Roanoke, Virginia:
 - a. Between October, 2013, and March, 2014, Ms. Dalton, diverted oxycodone (Schedule II) from Resident A, for her own unauthorized and/or personal use, and falsely documented the medication administration on the medication administration record and/or the narcotic dispensing log. Ms. Dalton indicated in January 2014 that she "probably gave [Resident A] one out of every five pills, maybe more" and in February 2014 she indicated that she administered oxycodone to Resident A "maybe not at all."

b. Between September, 2013, and July, 2014, Ms. Dalton, diverted Endocet (oxycodone-acetaminophen, Schedule II) from Resident B, for her own unauthorized and/or personal use, and often provided tablets to a fellow C.N.A. In addition, Ms. Dalton falsely documented the administration on the medication administration record and/or the narcotic dispensing log. Ms. Dalton indicated she diverted the Endocet for her co-worker every time she was assigned to pass medications and her co-worker was working.

c. While on duty, Ms. Dalton and a fellow C.N.A. snorted crushed pills in the facility bathroom; Ms. Dalton estimated this occurred ten to twenty times. Ms. Dalton indicated she would sometimes take the pills by mouth rather than snort them.

d. On July 15, 2014, the facility requested Ms. Dalton to submit to a drug screen; a hair sample was provided and Ms. Dalton tested positive for cocaine. Ms. Dalton indicated she had done “one line of coke” at a party sometime in April, “because it was there.” In addition, Ms. Dalton indicated she had a prior addiction to cocaine from 2006 to March 21, 2011, but was clean until April, 2014.

e. On or about November 17, 2014, an investigator with the Virginia Department of Health Professions requested Ms. Dalton submit to a urine drug screen. Ms. Dalton declined the request and informed a Special Agent with the Virginia State Police that she did so because she had snorted “a line” of heroin the night before.

3. Ms. Dalton resigned from Friendship Assisted Living Facility on July 22, 2014, while the facility investigation was pending. Ms. Dalton was employed by Friendship Assisted Living Facility for less than one year.

4. Ms. Dalton is currently employed by Nurse Finders, Roanoke, Virginia, but was suspended as of November 17, 2014, pending the Virginia Department of Health Professions investigation.
