The hearing will be held on July 16, 2012, at 9:00 a.m., at the offices of the Department of Health Professions, Board of Nursing, Perimeter Center, 9960 Mayland Drive, Suite 201, Henrico, Virginia 23233, at which time Ms. Hollar will be afforded the opportunity to be heard in person or by counsel.

At the hearing, Ms. Hollar has the following rights, among others: the right to representation by counsel; the right to have witnesses subpoenaed and to present witnesses on her behalf; the right to present documentary evidence; and the right to cross-examine adverse witnesses. If Ms. Hollar desires any witnesses to appear on her behalf, she must notify the Director of Administrative Proceedings, Department of Health Professions, 9960 Mayland Drive, Suite 300, Henrico, Virginia 23233, in accordance with the Instructions for Requesting Subpoenas.

The purpose of the hearing is to receive and act upon the application of Audrey Hollar for reinstatement of her license to practice professional nursing in Virginia which was suspended by Order entered August 11, 2010, and to inquire into evidence that Ms. Hollar may have violated certain laws and regulations governing professional nursing practice in Virginia, as more fully set forth in the Statement of Particulars below.

The burden rests upon Ms. Hollar, as the applicant, to demonstrate that she is capable of resuming the safe and competent practice of professional nursing in Virginia.

**STATEMENT OF PARTICULARS**

The Board alleges that:

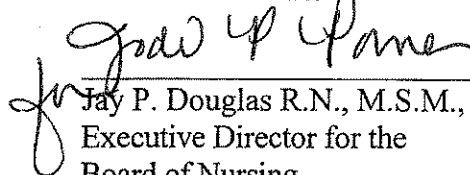

1. Audrey Hollar may have violated § 54.1-3007(6) of the Code in that she may be unable to safely practice professional nursing due to substance abuse, as evidenced by the following:

a. Ms. Hollar entered into a participation contract with the Health Practitioners' Monitoring Program ("HPMP") on or about August 30, 2010. She was assessed with alcohol dependence, among other things. Ms. Hollar was dismissed from the HPMP on February 18, 2011, due to her failure to enter outpatient substance abuse treatment as recommended by the HPMP.

b. Following an assessment on August 25, 2011, a certified substance abuse specialist diagnosed Ms. Hollar with "Alcohol Dependency, Sustained Full Remission (self-report)" and recommended that she attend a three-month intensive outpatient program. Ms. Hollar failed to attend this program.

2. Ms. Hollar may have violated § 54.1-3007(2) of the Code and 18 VAC 90-20-300(A)(2)(n) of the Regulations Governing the Practice of Nursing in that, on or about December 9, 2011, Ms. Hollar told an investigator for the Department of Health Professions that her only medication was HCTZ; however, a patient prescription history report generated on November 16, 2011, indicated that Ms. Hollar received ten prescriptions for 120 tablets of hydrocodone/acetaminophen (Schedule III) and two prescriptions for clonazepam (Schedule IV) between December 7, 2010, and October 18, 2011.
